OUR SERVICES

Chiller Box offers a comprehensive range of unique services, from product recommendations to full project management.

Sales & Installation

Whilst our expert sales team can help you choose the most suitable products, our professional and fully trained engineers can offer quick, hassle free installation.

Planning, Design & Project Management

Our highly experienced consultants can provide expert advice, space planning and full project management. We carefully consider your business objectives and operational requirements to ensure that you receive the best solution for your budget.

Spare Parts

No matter how large or small, Chiller Box can source almost any spare part required for any piece of catering equipment. Just give us a call and we'll do our best to get your part quickly and cost effectively.

Repair & Maintenance

Using our unique operational capabilities we can offer a quick and efficient response to both planned maintenance and emergency repairs. Our CoolCover Service™ ensures that our network of expert engineers can be on hand to offer you complete peace of mind.

One Off Sales

Working with such an extensive range of suppliers no item is too great or too small for us to source. From single items to a selection of specific goods we can easily find the best products for your budget.
